

SFEE 3.4 Search Frequently Asked Questions

1. Are there additional Search features available in SourceForge Enterprise Edition 3.4?

No. The SourceForge Search functionality is the same in SFEE 3.4 as in SFEE 3.3.

2. Can SCM Search be turned off for my project?

Yes, SCM Search can be turned off for any project, provided you have project admin permission.

3. Can I select which areas in SourceForge are searchable?

Yes, it is possible to select the areas within SourceForge that are searchable.

4. Can I search Tracker attachments?

Yes, you can search Tracker attachments. Search results will indicate the source of all attachments (Tracker, Mailing Lists...etc.)

For additional information Tracker Power Search, please see the SFEE 3.4 Tracker FAQ.
